Formerly Budds Corner, 84 Burpham, Willow fencing along Splash Farm lane side.....APPROVED

Wepham Farm Barn, tree work.....APPROVED

Burpham playground planning advice.....Advice provided

Burpham playground planning application.....Awaiting

Hillside Cottage, tree work.....Awaiting

Patching Village committee finally replied to my inquiry about conducting a village plan. Here are the headline responses:

Patching size	about 250 people
Many second homes?	One and two holiday cottages
What was size of the team to compile the plan?	5 but majority of work done by 2
How hard was the task?	Not hard but planner appointed who helped greatly.
What were the benefits?	Planning policy clarity. Little benefit so far as minimal development.
What were the risks?	Patching felt at risk, in the past, from large scale development, now unlikely under the SDNPA.
What engagement did you get from the community?	Little until the referendum then some offered opinions. Referendum turnout not bad.
